### **ABOUT CONFERENCE**

Civil Engineering department at Vishnu Institute of Technology-Bhimavaram is organizing International Conference on Materials Innovation and Sustainable Infrastructure (ICMISI 2026) on 11th & 12th, December 2026. Sustainable infrastructure is crucial for mitigating environmental challenges, such as climate change, resource depletion, and pollution. The conference explores how materials innovation and emerging technologies can contribute to mitigating these challenges by reducing greenhouse gas emissions, minimizing waste generation, optimizing resource use, and enhancing the resilience of infrastructure. The conference aims to bring academicians, technocrats, engineers, researchers, and students to a common platform to share their experience and research results in the field of materials innovation and sustainable infrastructure. As a result of globalization, there is an opportunity for all-round development by promoting the exchange of knowledge and technological advancements. We hope that our Conference will offer a unique opportunity for interesting and fruitful interactions to all participants, providing them with memorable and pleasant experiences.

### **ABOUT COLLEGE**

Vishnu Institute of Technology was established in 2008 by Vishnu Educational Society (SVES), a leading educational trust to promote quality education, under the aegis of eminent philanthropist Padma Bhushan B.V. Raju (Late). The institute is approved by AICTE and is permanently affiliated to JNTUK, Kakinada. Over a decade, this institute has witnessed significant growth and stands out as one of the best engineering colleges in AP. This institute is accredited by NAAC twice with 'A++' grade (3.51/4) with its validity up to 2024. The institute has attained autonomous status for 10 years from the year 2019. Indian Merchant's Chamber (IMC) recognized the services of VITB with its Ramakrishna Bajaj National Quality award in education sector (2010, 2011, 2017) and Asia Pacific Quality Organization (APQO)- Best in class Award (2012, 2018).
